21. DO'S AND DON'TS

DO's	Don'ts
<p>Switch off all electrical and gas appliances, and turn services off at the mains.</p>	<p>Don't walk through flowing water - currents can be deceptive, and shallow, fast moving water can knock you off your feet.</p>
<p>Take your emergency kit and try to let your friends and family where you are going.</p>	<p>Don't swim through fast flowing water - you may get swept away or struck by an object in the water.</p>
<p>Avoid contact with flood water - it may be contaminated with sewage, oil, chemicals or other substances.</p>	<p>Don't drive through a flooded area - You may not be able to see abrupt drop-offs and only half a metre of flood water can carry a car away. Driving through flood water can also cause additional damage to nearby property.</p>
<p>If you have to walk in standing water, use a pole or stick to ensure that you do not step into deep water, open manholes or ditches.</p>	<p>Don't return to your property until the "All Clear" has been given.</p>
<p>Stay away from power lines - electrical current can travel through water. Report power lines that are down to the power company.</p>	<p>Don't reconnect your power supply until a qualified engineer has checked it. Be alert for gas leaks - do not smoke or use candles, lanterns, or open flames.</p>
<p>Look before you step - after a flood, the ground and floors are covered with debris, which may include broken bottles, sharp</p>	<p>Don't eat any food that has come into contact with flood water</p>
